Notes about scheduling (you can put things like "mornings only" or "no Tuesdays" or "prefer Manitou"):

Positions Key:

Crew = Rated Ship Crew (satisfies Coast Guard requirements)

CIT = Crew in Training (all other volunteer crew)

Lead = Lead Instructor

P = Plankton

B = Benthos

F = Fish

W = Water Quality

S = Seamanship

MP = Microplastics

Shad = Instructor shadow / training

Sub = Substitute (the person we call if one of the above does not show up)

Please look through the schedule and check all of the dates you are willing to volunteer - even if there is "no school scheduled yet". Checking a date just lets me know that you're available, I won't schedule you to do more than you indicated above. The time given below is the time you will be expected to arrive at the ship. Please plan on staying to help clean up, unless circumstances prevent it.

You can fill out this form for the entire season or fill out one month at a time

Please remember that you can always email, call, or stop in if this form does not work for you. I want to make your volunteering experience as simple and easy as possible, so choose the method that works for you.
