Who is Inland Seas Education Association?

Inland Seas Education Association is more than a ship! Expand your group’s Great Lakes knowledge and experience by participating in our land-based, STEM watershed programs throughout the entire year. Protect the Great Lakes by understanding watersheds, and exposing youth to Great Lakes careers. Come for a day or stay overnight!

Program

Learn how streams carry runoff from the local watershed into the Great Lakes, then investigate the impact of physical properties of streams and their banks on water quality by measuring riparian zone characteristics and building a stream profile.
